

You Are cordially invited to celebrate on behalf of MCFD / CLBC and Willow Clinic staff, the placement of all long-term residents into community settings. This brings to closure the Province's final leg of Institutionalized Care for Dually Diagnosed Mentally Challenged individuals.

Willow Clinic was borne out of the Closure of Woodlands in 1989 and has provided excellent care throughout it's years. This celebration is a symbol and marker of significant change. It also serves as our renewal for Short- term Assessments and Best Practice Approaches in this new era of services to dually diagnosed individuals.

This is an exciting time for us all so we invite you to join with us as we celebrate and mark this significant accomplishment.

When: December 15, 2004, from 2:00 – 5:00 p.m.

Where: Inn at Westminster Quay,
900 Quayside Drive, New Westminster

RSVP:
Joan Warner, Acting Director, Willow Clinic
